NUMERO

In the year two thousand and fifteen, on the twenty-third of November.

Before us, Maître **Henri Hellinckx**, notary residing in Luxembourg, Grand

THERE APPEARED:

ARCA SGR S.p.A., a public limited liability company (*società per azioni*)
incorporated and existing under the laws of Italy, registered with the *Camera di*
Commercio, Industria, Artigianato e Agricoltura di Milano under number
07155680155, having its registered office at Via Disciplini 3, I-20123 Milan,
Italy,

here represented by Michael Kirsch, lawyer, professionally residing in
Luxembourg, by virtue of a proxy, given in Milan, Italy, on 12 October 2015.

The said proxy, initialled *ne varietur* by the proxyholder of the appearing
party and the notary, shall remain annexed to this deed to be filed at the same time
with the registration authorities.

Such appearing party has requested the officiating notary to enact the deed
of incorporation of a public limited company (*société anonyme*) which it wishes to
incorporate with the following articles of association:

A. NAME – PURPOSE – DURATION – REGISTERED OFFICE

Article 1 Name and form

There exists a public limited company (*société anonyme*) qualifying as an
investment company with variable share capital (*société d'investissement à capital*
variable) under the name **Sidera Funds SICAV** (the "**Company**") which shall be
governed by Part I of the Luxembourg law of 17 December 2010 relating to

undertakings for collective investment, as amended (the "2010 Law"), the law of 10 August 1915 concerning commercial companies, as amended (the "1915 Law") to which the 2010 Law refers, as well as by the present articles of association.

Article 2 Purpose

2.1 The purpose of the Company is the investment of the funds available to it in transferable securities of all types and other assets permitted by the 2010 Law, with a view to spreading investment risks and enabling its shareholders to benefit from the results of the management thereof.

2.2 The Company may take any measures and conduct any operations it sees fit for the purpose of achieving or developing its purpose in accordance with the 2010 Law.

Article 3 Duration

3.1 The Company is incorporated for an unlimited period of time.

3.2 It may be dissolved at any time with or without cause by a resolution of the general meeting of shareholders adopted in the manner required for an amendment of these articles of association.

Article 4 Registered office

4.1 The registered office of the Company is established in the City of Luxembourg, Grand Duchy of Luxembourg.

4.2 Within the same municipality, the registered office may be transferred by means of a decision of the board of directors. It may be transferred to any other municipality in the Grand Duchy of Luxembourg by means of a resolution of the general meeting of shareholders, adopted in the manner required for an amendment of these articles of association.

4.3 Branches or other offices may be established either in the Grand Duchy of Luxembourg or abroad by a resolution of the board of directors.

B. SHARE CAPITAL – SHARES – NET ASSET VALUE

Article 5 Share capital

5.1 The share capital of the Company shall be represented by fully paid up shares of no par value and shall at all times be equal to the total net asset value of the Company. The share capital of the Company shall thus vary *ipso iure*, without any amendment to these articles of association and without compliance with measures regarding publication and entry into the Trade and Companies Register.

5.2 The minimum share capital of the Company may not be less than the level provided for by the 2010 Law, *i.e.* one million two hundred and fifty thousand euros (EUR 1,250,000.-). Such minimum capital must be reached within a period of six (6) months after the date on which the Company has been authorised as an undertaking for collective investment under Luxembourg law.

5.3 The Company is incorporated with an initial share capital of thirty-one thousand euros (EUR 31,000.-) represented by three hundred and ten (310) shares of no par value.

Article 6 Form of shares - Register of shares - Transfer of shares

6.1 The shares of the Company are in registered form.

6.2 A register of registered shares shall be kept at the registered office of the Company, where it shall be available for inspection by any shareholder. The register shall contain all the information required by the 1915 Law. Ownership of shares is established by registration in said share register. Certificates of such registration shall be issued upon request and at the expense of the relevant shareholder.

6.3 The Company will recognise only one holder per share. In case a share is owned by several persons, they shall appoint a single representative who shall represent them towards the Company. The Company has the right to suspend the exercise of all rights attached to that share until such representative has been appointed.

6.4 The shares are, as a rule, freely transferable in accordance with the provisions of the law subject however to Article 12 au-dessous and to any additional restriction disclosed in the prospectus of the Company (the "**Prospectus**").

6.5 Any transfer of registered shares shall become effective towards the Company and third parties (i) through the recording of a declaration of transfer into the register of shares, signed and dated by the transferor and transferee or their representatives, and (ii) upon notification of the transfer to, or upon the acceptance of the transfer by the Company.

Article 7 Classes of shares

7.1 The board of directors may decide to issue one or more classes of shares for each Sub-Fund.

7.2 Each class of shares may differ from the other classes with respect to its cost structure, the initial investment required, the currency in which the net asset value is expressed or any other feature as may be determined by the board of directors from time to time. The board of directors may further, at its discretion, decide to change any of these characteristics as well as the name of any class of shares. In such a case, the Prospectus shall be updated accordingly.

7.3 The board of directors may create each class of shares for an unlimited or limited duration; in the latter case, upon expiry of the term, the board of directors may extend the duration of the relevant class of shares once or several times. At the expiry of the duration of the class of shares, the Company shall redeem all the shares in the class of shares, in accordance with Article 10 au-dessous.

7.4 At each extension of the duration of a class of shares, the shareholders shall be duly notified in writing, by a notice sent to them. The Prospectus shall indicate the duration of each class and if appropriate, its extension.

7.5 There may be capitalisation and distribution shares. Whenever dividends are distributed on distribution shares, the portion of net assets of the class of shares to be allotted to all distribution shares shall subsequently be reduced by an amount equal to the amounts of the dividends distributed, thus leading to a reduction in the percentage of net assets allotted to all distribution shares, whereas the portion of net assets allotted to all capitalisation shares shall remain the same.

7.6 The Company may, in the future, offer new classes of shares without the approval of the shareholders. Such new classes of shares may be issued on terms and conditions that differ from the existing classes of shares.

Article 8 Sub-Funds

8.1 The board of directors may, at any time, create different sub-funds within the meaning of article 181 of the 2010 Law corresponding to a distinct part of the assets and liabilities of the Company (hereinafter referred to as a "Sub-Fund"). In such event, it shall assign a particular name to them.

8.2 As between shareholders, each portfolio of assets corresponding to a specific Sub-Fund shall be invested for the exclusive benefit of such Sub-Fund(s). The Company constitutes one single legal entity. However, with regard to third

parties, in particular towards the Company's creditors, each Sub-Fund shall be exclusively responsible for all liabilities attributable to it.

8.3 Each Sub-Fund may be created for an unlimited or limited period of time; in the latter case, Article 7.3 au-dessus and Article 7.4 au-dessus shall apply *mutatis mutandis*.

8.4 For the purpose of determining the share capital of the Company, the net assets attributable to each Sub-Fund shall, if not expressed in euro (EUR), be converted into euro (EUR) and the capital shall be the total of the net assets of all Sub-Funds including all classes of shares.

Article 9 Issue of shares

9.1 The board of directors is authorised without limitation to issue an unlimited number of fully paid up shares at any time without reserving to the existing shareholders a preferential right to subscribe for the shares to be issued.

9.2 The board of directors may impose restrictions on the frequency at which shares shall be issued in any class of shares. The board of directors may, in particular, decide that shares of any class shall only be issued during one or more offering periods or at such other periodicity as provided for in the Prospectus.

9.3 The board of directors may decide to issue fractional shares. Such fractional shares shall not be entitled to vote but shall be entitled to participate in the net assets attributable to the relevant class of shares on a pro rata basis. If the sum of the fractional shares so held by the same shareholder in the same class of shares represents one or more entire share(s), such shareholder benefits from the corresponding voting right.

9.4 The subscription price per share shall be equal to the net asset value per share of the relevant class of shares as determined in accordance with Article 13 au-dessous. The Company may also levy any applicable charges, expenses and commissions upon subscription, as provided for in the Prospectus. The subscription price may be rounded up or down to the nearest unit of the relevant currency as the board of directors shall determine.

9.5 The subscription price per share so determined shall be payable within a maximum period of time as provided in the Prospectus and which shall not exceed ten (10) business days as defined in the Prospectus after the relevant valuation day as defined under Article 13 au-dessous.

9.6 The board of directors may delegate to any director, manager, officer, or other duly authorised agent the power to accept subscriptions, to receive payment of the shares to be issued and to deliver them.

9.7 The board of directors may reject subscription requests in whole or in part at its full discretion.

9.8 The issue of shares may be suspended under the terms of Article 14 au-dessous or at the board of director's discretion in the best interests of the Company notably under other exceptional circumstances.

9.9 The Company may, if a prospective shareholder requests and the board of directors so agrees, satisfy any application for subscription of shares which is proposed to be made by way of contribution in kind. The nature and type of assets to be accepted in any such case shall be determined by the board of directors and must correspond to the investment policy and restrictions of the Company or the Sub-Fund being invested in. A report relating to the contributed assets must be delivered to the Company by an approved statutory auditor (*réviseur d'entreprises agréé*) save as otherwise provided for under applicable laws. All costs associated with such contribution in kind shall be borne by the shareholder making the contribution, or by such other third party as agreed by the Company or in any other way which the board of directors considers fair to all shareholders of the Sub-Fund.

Article 10 Redemption of shares

10.1 Any shareholder may request the redemption of all or part of his shares by the Company, under the terms, conditions and procedures set forth by the board of directors in the Prospectus.

10.2 The redemption price per share shall be equal to the net asset value per share of the relevant class of shares on the relevant valuation day, as determined in accordance with Article 13 au-dessous. The Company may also levy any applicable charges, expenses and commissions upon redemption, as provided for in the Prospectus. The redemption price may be rounded up or down to the nearest unit of the relevant currency as the board of directors shall determine.

10.3 The redemption price per share so determined shall be payable within a period of time as provided in the Prospectus which shall in principle not exceed ten (10) business days as defined in the Prospectus after the relevant valuation day as defined under Article 13 au-dessous.

10.4 The board of directors may delegate to any director, manager, officer, or other duly authorised agent the power to accept requests for redemption and effect the payment of redemption proceeds.

10.5 When there is insufficient liquidity or in other exceptional circumstances, the board of directors reserves the right to postpone the payment of redemption proceeds.

10.6 If, as a result of any request for redemption, the number or the aggregate net asset value of the shares held by any shareholder in any class of shares would fall below such number or such value as determined by the board of directors, the board of directors may then decide that this request shall be treated as a request for redemption for the full balance of such shareholder's holding of shares in such class of shares.

10.7 Furthermore, if, with respect to any given valuation day, redemption requests exceed a certain percentage of the net asset value of the Sub-Fund or class of shares as determined by the board of directors, the board of directors may decide that part or all of such requests for redemption will be deferred for a period and in a manner that the board of directors considers to be in the best interests of the Company and its shareholders as further described in the Prospectus. Following that period, with respect to the next relevant valuation day, these redemption requests will be met in priority to later requests, if necessary on a *pro-rata* basis among involved shareholders.

10.8 If with respect to any given valuation day, redemption requests amount to the total number of shares in issue in any class(es) of shares or Sub-Funds or if the remaining number of shares in issue in that Sub-Fund or class of shares after such redemptions would represent a total net asset value below the minimum level of assets under management required for such Sub-Fund or class of shares to be operated in an efficient manner, the board of directors may decide to terminate and liquidate the Sub-Fund or class of shares in accordance with Article 39 *au-dessous*. For the purpose of determining the redemption price, the calculation of the net asset value per share of the relevant Sub-Funds or class(es) of shares shall take into consideration all liabilities that will be incurred in terminating and liquidating said class(es) of shares or Sub-Funds.

10.9 The redemption of shares may be suspended under the terms of Article 14 au-dessous or in other exceptional cases where the circumstances and the best interests of the shareholders so require.

10.10 In addition, the shares may be redeemed compulsorily whenever this is required in the best interests of the Company and notably in the circumstances provided for in the Prospectus and under Article 12 au-dessous and Article 39 au-dessous.

10.11 The Company shall have the right, if the board of directors so determines, to satisfy in kind the payment of the redemption price to any shareholder who agrees by allocating to the shareholder investments from the portfolio of assets of the Company or the relevant Sub-Fund(s) equal to the value of the shares to be redeemed. The assets to be transferred in such case shall be determined on a fair and reasonable basis and without prejudicing the interests of the other shareholders of the Company or the relevant Sub-Fund(s) and the valuation used shall be confirmed by a special report of an approved statutory auditor. All costs associated with a redemption in kind shall be borne, by the shareholder requesting the redemption or by such other party as agreed by the Company or in any other way which the board of directors considers fair to all shareholders of the Sub-Fund.

10.12 All redeemed shares may be cancelled.

Article 11 Conversion of shares

11.1 Unless otherwise determined by the board of directors for certain classes of shares or Sub-Funds, any shareholder may request the conversion of all or part of his shares of one class into shares of the same or another class, within the same or another Sub-Fund under the terms, conditions and procedures set forth by the board of directors in the Prospectus. The conversion request may not be accepted until any previous transaction involving the shares to be converted has been fully settled.

11.2 The price for the conversion of shares shall be computed by reference to the respective net asset value of the two classes of shares, calculated at the respective valuation day as defined under Article 13 au-dessous. The Company may also levy any applicable charges, expenses and commissions upon conversion, as provided for in the Prospectus.

11.3 If as a result of any request for conversion, the number or the aggregate net asset value of the shares held by any shareholder in any class of shares would fall below such number or such value as determined by the board of directors, the board of directors may then decide that this request be treated as a request for conversion for the full balance of such shareholder's holding of shares in such class of shares.

Article 12 Restrictions and prohibitions on the ownership of shares

12.1 The board of directors may restrict or prevent the legal or beneficial ownership of shares or prohibit certain practices as disclosed in the Prospectus such as late trading and market timing by any person (individual, corporation, partnership or other entity), if in the opinion of the board of directors such ownership or practices may (i) result in a breach of any provisions of these articles of association, the Prospectus or law or regulations of any jurisdiction, or (ii) require the Company, its management company or its investment manager to be registered under any laws or regulations whether as an investment fund or otherwise, or cause the Company to be required to comply with any registration requirements in respect of any of its shares, whether in the United States of America or any other jurisdiction; or (iii) may cause the Company, its management company, its investment managers or shareholders any legal, regulatory, taxation, administrative or financial disadvantages which they would not have otherwise incurred (such person being herein referred to as "**Prohibited Person**").

For such purposes the board of directors may:

- a) decline to issue any shares and to accept any transfer of shares, where it appears that such issue or transfer would or might result in legal or beneficial ownership of such shares by a Prohibited Person;
- b) require at any time any person entered in the register of shares, or any person seeking to register a transfer of shares therein, to furnish the Company with any information, supported by affidavit, which the Company may consider necessary for the purpose of determining whether such registry results in beneficial ownership of such shares by a Prohibited Person;
- c) compulsorily redeem or cause to be redeemed all shares held by a Prohibited Person. To that end, the Company will notify the Prohibited Person of the reasons which justify the compulsory redemption of shares, the number of

shares to be redeemed and the indicative valuation day on which the compulsory redemption will occur. The redemption price shall be determined in accordance with Article 10.2 au-dessus; and

d) grant a grace period to the shareholder for remedying the situation causing the compulsory redemption as described in the Prospectus and/or propose to convert the shares held by any shareholder who fails to satisfy the investor's eligibility requirements for such class of shares into shares of another class available for such shareholder to the extent that the investor's eligibility requirements would then be satisfied.

12.2 The Company reserves the right to require the Prohibited Person to indemnify the Company against any losses, costs or expenses arising as a result of any compulsory redemption of shares due to the shares being held by, or for the benefit of, such Prohibited Person. The Company may pay such losses, costs or expenses out of the proceeds of any compulsory redemption and/or redeem all or part of the Prohibited Person's shares in order to pay for such losses, costs or expenses.

Article 13 Net asset value

13.1 The net asset value of the shares in every Sub-Fund or class of shares shall be determined at least twice a month and expressed in the currency(ies) decided upon by the board of directors. The board of directors shall determine and disclose in the Prospectus the days by reference to which the assets of the Company or Sub-Funds shall be valued (each a "valuation day"). For each Sub-Fund and for each class of shares, the net asset value per share shall be calculated in the relevant reference currency with respect to each valuation day by dividing the net assets attributable to such Sub-Fund or class of shares (which shall be equal to the assets minus the liabilities attributable to such Sub-Fund or class of shares) by the number of shares issued and in circulation in such Sub-Fund or class of shares. The net asset value per share may be rounded up or down to the nearest ten thousandth of the relevant currency as the board of directors shall determine.

13.2 The Company's net asset value shall be equal at all times to the total net asset value of all its Sub-Funds.

13.3 Subject to the rules on the allocation to Sub-Funds and classes of shares of Article 13.6 au-dessous, the assets of the Company shall include:

1) all cash on hand or on deposit, including any outstanding accrued interest;

2) all bills and any types of notes or accounts receivable, including outstanding proceeds of any disposal of financial instruments;

3) all securities and financial instruments, including shares, bonds, notes, certificates of deposit, debenture stocks, options or subscription rights, warrants, money market instruments and all other investments belonging to the Company;

4) all dividends and distributions payable to the Company either in cash or in the form of stocks and shares (which will normally be recorded in the Company's books as of the ex-dividend date, provided that the Company may adjust the value of the security accordingly);

5) all outstanding accrued interest on any interest-bearing instruments belonging to the Company, unless this interest is included in the principal amount of such instruments;

6) the formation expenses of the Company or a Sub-Fund, to the extent that such expenses have not already been written off; and

7) all other assets of any kind and nature including expenses paid in advance.

13.4 Subject to the rules on the allocation to Sub-Funds and classes of shares of Article 13.6 au-dessous, the liabilities of the Company shall include:

1) all loans, bills or accounts payable, accrued interest on loans (including accrued fees for commitment for such loans);

2) all known liabilities, whether or not already due, including all contractual obligations that have reached their term, involving payments made either in cash or in the form of assets, including the amount of any dividends declared by the Company but not yet paid;

3) a provision for any tax accrued to the valuation day and any other provisions authorised or approved by the Company; and

4) all other liabilities of the Company of any kind recorded in accordance with applicable accounting rules, except liabilities represented by shares in the Company. In determining the amount of such liabilities, the Company shall take into account all expenses, fees, costs and charges payable by the Company including, but not limited to: management fees, investment management fees (including performance fees), fees of the depositary, fees of the administrator and

other agents of the Company, directors' fees and expenses, operating and administrative expenses, transaction costs, formation expenses and extraordinary expenses, each as may be further detailed in the Prospectus.

13.5 The value of the assets of the Company shall be determined as follows:

1) The value of any cash on hand or on deposit, bills or notes payable, accounts receivable, prepaid expenses, cash dividends and interest accrued but not yet received shall be equal to the entire nominal or face amount thereof, unless the same is unlikely to be paid or received in full, in which case the value thereof shall be determined after making such discount as the board of directors may consider appropriate in such case to reflect the true value thereof.

2) Transferable securities and money market instruments which are quoted, listed or traded on an exchange or regulated market will be valued, unless otherwise provided under paragraphs 3) and 6) below, at the last available market price or quotation, prior to the time of valuation, on the exchange or regulated market where the securities or instruments are primarily quoted, listed or traded. Where securities or instruments are quoted, listed or traded on more than one exchange or regulated market, the board of directors will determine on which exchange or regulated market the securities or instruments are primarily quoted, listed or traded and the market prices or quotations on such exchange or regulated market will be used for the purpose of their valuation. Transferable securities and money market instruments for which market prices or quotations are not available or representative, or which are not quoted, listed or traded on an exchange or regulated market, will be valued at their probable realisation value estimated with care and in good faith by the board of directors using any valuation method approved by the board of directors.

3) Notwithstanding paragraph 2) above, where permitted under applicable laws and regulations, money market instruments may be valued using an amortisation method whereby instruments are valued at their acquisition cost as adjusted for amortisation of premium or accrual of discount on a constant basis until maturity, regardless of the impact of fluctuating interest rates on the market value of the instruments. The amortisation method will only be used if it is not expected to result in a material discrepancy between the market value of the instruments and their value calculated according to the amortisation method.

4) Financial derivative instruments which are quoted, listed or traded on an exchange or regulated market will be valued at the last available closing or settlement price or quotation, prior to the time of valuation, on the exchange or regulated market where the instruments are primarily quoted, listed or traded. Where instruments are quoted, listed or traded on more than one exchange or regulated market, the board of directors will determine on which exchange or regulated market the instruments are primarily quoted, listed or traded and the closing or settlement prices or quotations on such exchange or regulated market will be used for the purpose of their valuation. Financial derivative instruments for which closing or settlement prices or quotations are not available or representative will be valued at their probable realisation value estimated with care and in good faith by the board of directors using any valuation method approved by the board of directors.

5) Financial derivative instruments which are traded 'over-the-counter' (OTC) will be valued daily at their fair market value, on the basis of valuations provided by the counterparty which will be approved or verified on a regular basis independently from the counterparty. Alternatively, OTC financial derivative instruments may be valued on the basis of independent pricing services or valuation models approved by the board of directors which follow international best practice and valuation principles. Any such valuation will be reconciled to the counterparty valuation on a regular basis independently from the counterparty, and significant differences will be promptly investigated and explained.

6) Notwithstanding paragraph 2) above, shares or units in target investment funds (including, UCITS and UCI) will be valued at their latest available official net asset value, as reported or provided by or on behalf of the investment fund or at their latest available unofficial or estimated net asset value if more recent than the latest available official net asset value, provided that the board of directors is satisfied of the reliability of such unofficial net asset value. The net asset value calculated on the basis of unofficial net asset value of the target investment fund may differ from the net asset value which would have been calculated, on the same valuation day, on the basis of the official net asset value of the target investment fund. Alternatively, shares or units in target investment funds which are quoted, listed or traded on an exchange or regulated market may be valued in accordance with the provisions of paragraph 2) above.

7) The value of any other asset not specifically referenced above will be the probable realisation value estimated with care and in good faith by the board of directors using any valuation method approved by the board of directors.

13.6 Assets and liabilities of the Company will be allocated to each Sub-Fund and class of shares, as set out below and in the Prospectus:

1) The proceeds from the issue of shares of a Sub-Fund or class of shares, all assets in which such proceeds are invested or reinvested and all income, earnings, profits or assets attributable to or deriving from such investments, as well as all increase or decrease in the value thereof, will be allocated to that Sub-Fund or class of shares and recorded in its books. The assets allocated to each class of shares of the same Sub-Fund will be invested together in accordance with the investment objective, policy and strategy of that Sub-Fund, subject to the specific features and terms of issue of each class of shares of that Sub-Fund, as specified in the Prospectus.

2) All liabilities of the Company attributable to the assets allocated to a Sub-Fund or class of shares or incurred in connection with the creation, operation or liquidation of a Sub-Fund or class of shares will be charged to that Sub-Fund or class of shares and, together with any increase or decrease in the value thereof, will be allocated to that Sub-Fund or class of shares and recorded in its books. In particular and without limitation, the costs and any benefit of a specific feature of a class of shares will be allocated solely to the class of shares to which the specific feature relates.

3) Any assets or liabilities not attributable to a particular Sub-Fund or class of shares may be allocated by the board of directors in good faith and in a manner which is fair to shareholders generally and will normally be allocated to all Sub-Funds or classes of shares pro rata to their net asset value. Subject to the above, the board of directors may at any time vary the allocation of assets and liabilities previously allocated to a Sub-Fund or class of shares.

13.7 In calculating the net asset value of each Sub-Fund or class of shares the following principles will apply:

1) Each share agreed to be issued by the Company on each valuation day will be deemed to be in issue and existing immediately after the time of valuation on the valuation day as further described in the Prospectus. From such time and until the subscription price is received by the Company, the assets of the Sub-

Fund or class of shares concerned will be deemed to include a claim of that Sub-Fund or class of shares for the amount of any cash or other property to be received in respect of the issue of such shares. The net asset value of the Sub-Fund or class of shares will be increased by such amount immediately after the time of valuation on the valuation day.

2) Each share agreed to be redeemed by the Company on each valuation day will be deemed to be in issue and existing until and including the time of valuation on the valuation day as further described in the Prospectus. Immediately after the time of valuation and until the redemption price is paid by the Company, the liabilities of the Sub-Fund or class of shares concerned will be deemed to include a debt of that Sub-Fund or class of shares for the amount of any cash or other property to be paid in respect of the redemption of such shares. The net asset value of the Sub-Fund or class of shares will be decreased by such amount immediately after the time of valuation on the valuation day.

3) Following a declaration of dividends for distribution shares on a valuation day determined by the Company to be the distribution accounting date, the net asset value of the Sub-Fund or class of shares will be decreased by such amount as of the time of valuation on that valuation day.

4) Where assets have been agreed to be purchased or sold but such purchase or sale has not been completed at the time of valuation on a given valuation day, such assets will be included in or excluded from the assets of the Company, and the gross purchase price payable or net sale price receivable will be excluded from or included in the assets of the Company, as if such purchase or sale had been duly completed at the time of valuation on that valuation day, unless the Company has reason to believe that such purchase or sale will not be completed in accordance with its terms. If the exact value or nature of such assets or price is not known at the time of valuation on the valuation day, its value will be estimated by the Company in accordance with the valuation principles described in Article 13.5 au-dessus.

5) The value of any asset or liability denominated or expressed in a currency other than the reference currency of the Company or a particular Sub-Fund or class of shares will be converted, as applicable, into the relevant reference currency at the prevailing foreign exchange rate at the time of valuation on the valuation day concerned which the board of directors considers appropriate.

13.8 The board of directors may apply other valuation principles or alternative methods of valuation that it considers appropriate in order to determine the probable realisation value of any asset if applying the above rules appears inappropriate or impracticable. The board of directors may adjust the value of any asset if the board of directors determines that such adjustment is required to reflect the fair value thereof. The net asset value may also be adjusted to reflect certain dealing charges if need be as more fully described in the Prospectus.

13.9 Adequate provisions shall be made for unpaid administrative and other expenses of a regular or recurring nature based on an estimated amount accrued for the applicable period. Any off-balance sheet liabilities shall duly be taken into account in accordance with fair and prudent criteria.

13.10 In the absence of fraud, bad faith, gross negligence or manifest error, any decision to determine the net asset value taken by the board of directors or by any agent appointed by the board of directors for such purpose, shall be final and binding on the Company and all shareholders.

Article 14 Suspension of calculation and publication of the net asset value per share, and/or the issue, redemption and conversion of shares

14.1 The board of directors may temporarily suspend the calculation and publication of the net asset value per share of any class of shares in any Sub-Fund and/or where applicable, the issue, redemption and conversion of shares of any class of shares in any Sub-Fund in the following cases:

- 1) when any exchange or regulated market that supplies the price of the assets of the Company or a Sub-Fund is closed, or in the event that transactions on such exchange or market are suspended, subject to restrictions, or impossible to execute in volumes allowing the determination of fair prices;
- 2) when the information or calculation sources normally used to determine the value of the assets of the Company or a Sub-Fund are unavailable;
- 3) during any period when any breakdown or malfunction occurs in the means of communication network or IT media normally employed in determining the price or value of the assets of the Company or a Sub-Fund, or which is required to calculate the net asset value per share;
- 4) when exchange, capital transfer or other restrictions prevent the execution of transactions of the Company or a Sub-Fund or prevent the execution of transactions at normal rates of exchange and conditions for such transactions;

5) when exchange, capital transfer or other restrictions prevent the repatriation of assets of the Company or a Sub-Fund for the purpose of making payments on the redemption of shares or prevent the execution of such repatriation at normal rates of exchange and conditions for such repatriation;

6) when the legal, political, economic, military or monetary environment, or an event of force majeure, prevents the Company from being able to manage the assets of the Company or a Sub-Fund in a normal manner and/or prevent the determination of their value in a reasonable manner;

7) when there is a suspension of the net asset value calculation or of the issue, redemption or conversion rights by the investment fund(s) in which the Company or a Sub-Fund is invested;

8) following the suspension of the net asset value calculation and/or the issue, redemption and conversion at the level of a master fund in which the Company or a Sub-Fund invests as a feeder fund;

Such a merger does not require the prior consent of the shareholders except where the Company is the absorbed entity which, thus, ceases to exist as a result of the merger; in such case, the general meeting of shareholders of the Company must decide on the merger and its effective date. Such general meeting will decide by resolution taken with no quorum requirement and adopted by a simple majority of the votes validly cast.

The exchange ratio

between the relevant shares of the Company and the shares or units of the absorbed UCI or of the relevant sub-fund thereof will be calculated on the basis of the relevant net asset value per share or unit as of the effective date of the absorption.

40.3 Notwithstanding the powers conferred on the board of directors by the preceding paragraphs, the shareholders of the Company or any Sub-Fund may also decide on any of the mergers or absorptions described above and on their effective date thereof. The convening notice to the general meeting of shareholders will indicate the reasons for and the process of the proposed merger or absorption.

The shareholder of the class of shares concerned will be informed of the reorganisation by way of a notice and/or in any other way as required or permitted by applicable laws and regulations.

41.2 Notwithstanding the powers conferred on the board of directors by the preceding paragraph, the shareholders may decide on such reorganisation by resolution taken by the general meeting of shareholders of the share class concerned.
